

What is Cinema4aCause?

An umbrella fundraising program run by Bridge to Türkiye Fund (BTF), crafted to shed light on gender and education inequality in rural parts of Türkiye. Launched by BTF's Chicago Circle in 2014, this program also serves as a dynamic platform for sparking meaningful dialogues on social issues while driving change by funding scholarships for girls.

Cinema4aCause delves into the heart of societal issues in Türkiye, particularly focusing on education, women's participation in workforce, and gender equality. Through carefully selected films that reflect the social, cultural, and economic realities across the country's different regions, we aim to engage audiences who may be unfamiliar with these pressing concerns.
