# WHO WE ARE

At Bridge to Türkiye Fund, we connect communities worldwide for a brighter Türkiye — transforming goodwill into sustainable and impactful programs that improve lives.

In 2003, a group of Turkish-American volunteers gathered in North Carolina’s Triangle area with a shared dream: that every child in Türkiye could enjoy a future enriched by quality and education. They knew that something needed to be done, and in that moment, they realized they were the spark that could ignite lasting change.

Thus, BTF was born - a heartfelt initiative fueled by a genuine commitment to empowering young minds and giving back to Türkiye. Over the past two decades, this inspiring journey has transformed countless lives. Today, BTF has reached over **850,000 children** across Türkiye, nurturing their potential and lighting the path to brighter futures.

Today, this mission is sustained by a global family of over **40,000 donors and supporters** who prove that when caring and committed people come together, they can make a world of difference. As part of this commitment to lasting change, BTF is also honored to hold consultative status with the United Nations (UN), further strengthening our ability to advocate for and support the future generations of Türkiye on a global stage.
